

Simply the biggest

The giant binoculars of the LB150 series from Fujinon.
The first choice for all who wish to conquer extreme distances

- ▶ Border surveillance
- ▶ Coast guard
- ▶ Military application

Fujinon. To see more is to know more.

FUJINON

The giant binoculars of the LB 150 series in detail

- ▶ Optimized baffles for increased contrast
- ▶ Maximum image brightness due to 150 mm aperture and Electron Beam Coated optics
- ▶ Excellent visibility at dusk and at night
- ▶ Rigid construction: housing completely waterproof, weatherproof and corrosion-resistant
- ▶ Three-dimensional viewing impression due to interobjective spacing
- ▶ Up to 40x magnification for high resolution at long distances
- ▶ Optional mount and tripod available
- ▶ Also available with 45° inclined viewing for more comfortable observation (EM version only)
